NOTICE

TO: All Employees
FROM: Philip Thornton, Ed. D., Superintendent
SUBJECT: Safety Inspection Compliance Policy

The Warwick Public Schools has as its primary function the obligation to ensure the safety and security of all who use the facilities we provide. As part of this obligation, the Warwick Public Schools is periodically inspected by various agencies including but not limited to OSHA, the Warwick Fire Department, building inspectors, environmental inspectors, Health Department officials, etc.

It is the policy of the Warwick Public Schools that all employees will cooperate with these inspections and take the necessary steps to comply with rules and regulations governing safety in the buildings including without limitation the use of OSHA mandated or recommended personal protective equipment. OSHA mandates the use of protective safety goggles and respirators when certain conditions exist. We expect full compliance in using the safety equipment, which will be supplied by the School Department at all required times.

We must remember that it is the responsibility of all to make certain that we provide a safe and secure environment for the children and our employees. If you have any questions or concerns regarding a safety issue, please notify your immediate Supervisor, Department Head and the Director of Compliance and Human Resources, Rosemary Healey (734-3071), immediately.
